These hand counted results will be sent to the City of Jordan where they will determine if the candidates receiving the highest numbers of votes qualify and are interested in the position. If more than one of the candidates receiving the highest number of votes qualifies and wants the position, the city election officer will facilitate a time and place to decide by lot who is elected.

Also, today this office conducted the mandatory post-election administrative hand recount of randomly selected contests, measures and precincts. **At the conclusion of this hand recount, all Malheur County results remain the same with no changes to the tally of votes.**

ORS 254.529 requires County Election Officials to hand count a percentage of ballots and compare the hand counted tally of votes to the tally produced by the vote tally system for the same ballots.
